Empowering Those Who Care For Others: Sustainable Compassion Workshop

This Conference will focus on the exploration of two current streams of Applied Buddhism, one in Buddhist countries that have responded to changes, challenges, and needs that have arisen in their homelands and abroad, and the other in traditionally non-Buddhist countries that have explored contemporary Buddhist applications to address current issues or to meet various social needs. Both streams are applying Buddhist principles in fresh ways to address issues of war and peace, ecology, justice, inter-religious dialogues, and to empower work in education, healthcare, social work, psychology and psychotherapy, hospice, chaplaincy, prison work, etc.

On-line Registration: www.wisdomtoronto.com 416-910-4858 shukyu.ng@mail.utoronto.ca
Fri. & Sat.: \$150 Limited Bursaries & Student Discounts / Sun.: \$175 or \$150 (Pay by Sept. 30)
